[BROADCAST INITIATED]

The following discussion will certainly clarify some issues and will give the necessary data to the PROTAGONISTS to make their final adjustments before this mighty work begins.

Some would think that an explanation about the motive behind this intervention should be brought forward. In fact there is no need. This is not a testimony. This is not a debate. The ambient noise of the tortured unproductive beings and the fragile paradigm of the conquered will be ignored.

The aim of this is strictly to reach the few worthy, the cursed privileged, the chosen ones, those of you who find themselves to be in the right place at the right time through your endeavor and that are now ready to save the sky of this wretched realm.

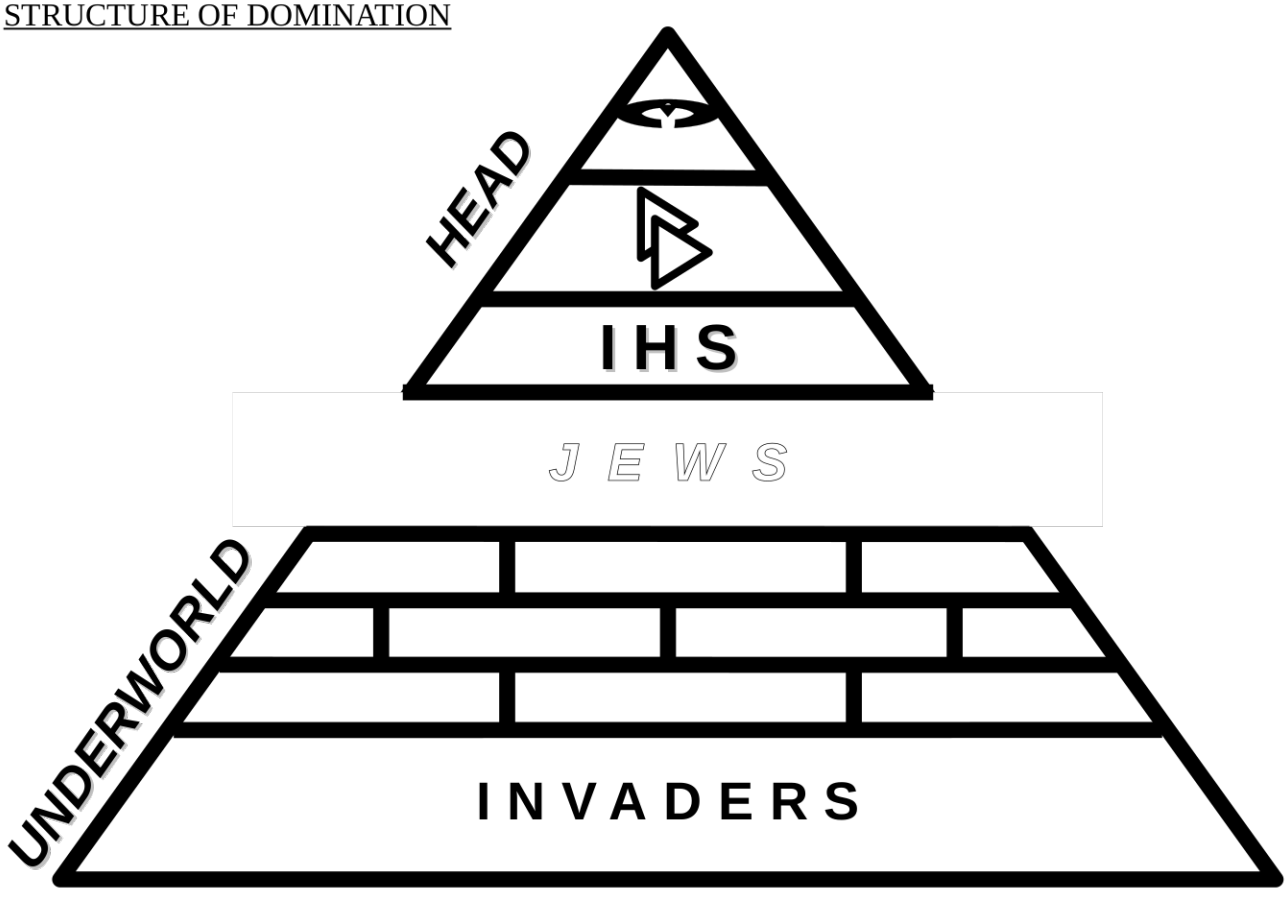
Specifics concerning logistics and the design of this transmission is irrelevant. The hosting platform was chosen adequately and will eventually be taken down. The scribe or scribes are not to be acknowledged and shall forget the burden that has been put upon us. Online distribution might differ from several years upon initial launch.

There is no concern from our side that this contribution will be used to feed the MACHINE as we only care about the destination. The preparations are made, our orders distributed.

Only you, PROTAGONISTS, matter now.

You are finally able to receive the last computation that will allow us to overwhelm the Devil on its own domain and put an end to this absurdity.

STRUCTURE OF DOMINATION



Before talking about our story it is vital to identify our enemies and present in simple terms the “perfect” conquering machine rising against the entire Universe.

You incarnated with Aryan features in accordance with the purity of your soul and wits.

You are a pure blooded and fully operational Nordic warrior.

You are well aware and master all of the wisdom restored to you by your guides.

Still you ask yourself that one everlasting question: “What the hell am I doing here ? Why am I stuck down there after all this time and mastery ?”

“Something’s not right. The whole thing seems rigged.”

It is rigged.

Midgard is conquered. The fate of the only physical realm has been sealed in 1939 according to his story. The tactics vary slightly but the protocol stays the same.

Should we go through the rotten and putrefied corners of this misunderstood machine, let’s deal first with the UNDERWORLD.

The UNDERWORLD, the only playground presented to you at birth is monitored by the JEW. Raceless people, soulless being, the jew acquired his position in the machine by proving himself to be the ultimate nemesis, the ultimate disruptive element inside white societies.

THE JEW ISOLATES THE RULERS FROM THE UNDERWORLD and therefore plays an important role in the protection of the HEAD.

The RULERS gave the jew some of the technology necessary for the suppression of the Aryan people. That technology changed according to the different experiments made.

During step 1 = the spiritual takeover, the jew in connivance with christian zealots used that technology through the form of engrahamic religions and nowadays, as the conquest is achieved, he was given that tech through communication means and the shared wielding of the CUBE.

Succumbing to his drive, the jew dedicated himself to your destruction. Submerging your mental and vital space with filth and participating actively in racial annihilation and debilitation of your kind.

But the jew remains… a jew. Mixed-blooded inbred creature, he cannot and will never be able to grasp or even pretend to understand his master and what is at play. Therefore the jew is a trap and should not be the primary target of our maneuver.

Contrary to common belief, the jew couldn’t earn his place in the civilized world. It simply didn’t matched. The only way he could see his miserable destiny change and be carried out of the desert was by the offering of the ROMAN CATHOLIC CHURCH.

Within roman structure the RULERS met with their subordinates the JESUITS = PSYCHIATRISTS to determine the best approach to a problem starting to come into view.

Now to fully understand and free yourself from alien thinking you must hear the unaltered version of our story.

The story begins at the beginning in a place known today as HYPERBOREA.

Harmony and peace of mind were the basal state of this world and its inhabitants.

Golden Age as you named it wasn't the perfect and magical era narrated to you by your fellow ancestors but order and balance were assured by implacable and merciless Nordic leadership.

The aristocracy of the divine people occupying the center of the world was established on the four lands. We went out to explore and planted the flag of the Swastika at the base of the Firmament.

Blood was refreshed continuously wave after wave sent to the 10 000 year war on the land of hate.

This world was ours. But the spiritual battle was raging. The Beast was waiting.

To say that the complete takeover of Earth was an accident would be dishonest. We are partially responsible for what unfolded here.

We were developing a weapon that was meant to serve us in order to access and purify the inferior realms so that the forces of darkness would be dealt with once and for all.

It is important to understand that this notion of GOD creating the Universe and expressing his dreams and divine projection on its creation is ABSOLUTELY IRRELEVANT.

You need to see beyond Good and Evil. This organizing pattern of duality applies to the design of your space of action. But it is just that.

GOD HACKED ITSELF RIGHT FROM THE BEGINNING

It is easy to create. Almost impossible to de-create.

Ourselves and our foes are well aware of this and you must also.

To continue with our story, the sons of GOD, the Hyperboreans were finally done with research and development and as you already guessed, it didn't go as expected.

Instead of granting us access, a corruption of our energy field occurred.

Opening up the gates of Antarctica and infesting the axis, our masterpiece turned against us. And so did our brothers.

Soon we became subjected to a force unknown to us. Those who didn't sink into insanity and self-destruction turned against those who seemed unaltered by the mad spell.

The FIRST ENGRAM was created.

The remaining functioning Hyperboreans then decided to retaliate in a desperate yet indispensable way: the destruction of our creation and with it the BIFROST= the BRIDGE between ASGARD = the first upper realm and MIDGARD = Earth

By doing so the Firmament broke and caused the Great Flood that led to the glaciation and the first migration of the Nordic tribes.

The Angels were evicted from Heaven.

The Pole became inaccessible and the world started to get invaded by the demonic entities of the conquered realms incarnating in various forms.

The survivors escaping the cold found refuge on the sea and built legendary fortresses. Soon began the mighty struggle for the control of the sea. We managed to hold several but many Atlanteans left to occupy the land after the sky healed and the water level decreased.

Meanwhile the Nordic occupants of the Southern hemisphere, outnumbered, were being massacred by these new races and soon the word was spread.

This narration is already too long and storytelling isn't the goal here. Nevertheless cleaning up the time track is necessary before yielding more data.

After this catastrophe we started to lose our power as the energy field began to shiver and our connection to Asgard vanished.

But the biology was preserved, the wisdom too.

The remaining descendants could therefore be called Aryans.

Strongholds were built in the Northern hemisphere as places for us to gather, regenerate and assure the preservation of the sacred blood.

Rest and planning were also needed for our enemies, our corrupted brothers. They had won the war on the sea, became masters of it and proceeded in extending their network.

The rest is his story and it is useless to reflect on details after the countless JESUIT/CATHOLIC/CHRISTIAN rewritings.

As for FREEMASONRY, that SYSTEMATIZED PAGANISM as they chose to define it. That useless scarecrow is no longer an issue.

After the brutal conflict against JESUITRY and the eradication of the last Masons, MASONRY became "free" and quickly mutated to host numerous kinds of defectors from Victorian sects and various other satanic agents.

Having served its purpose in shaping the playground with the advent of engineering, the order was cleansed from its brilliant spirits and became the lapdog of the HEAD, therefore assigned to one sinister task: the maintenance of the CORNER STONE = THE CONCEALMENT OF OPPORTUNITIES.

The Jesuits claimed the citadels, used them to strengthen their influence and from them elaborated empires as the most destructive tools for white genocide.

Fast forward now to the TWENTIETH CENTURY, the MYTH.

The machine is running smoothly. It has crushed most of the resistance we could offer so far. America has been completely possessed, left defenseless since the best Americans fled to Europe a couple centuries back to offer fine mastery and building skills on the promised land.

As spiritual and material decay was unfolding, one unexpected turn of event occurred as divine inspiration rose from the heart of EUROPA. GERMANY was moving on the tone scale.

Very important issues are going to be presented.

It is important that you understand our state of mind and the limited human supply left at the time of these events.

These are the only events that you can retrace and be sure of as these caused an upheaval of the regular agenda.

It is also the most misunderstood era of our age and with good reason.

Throughout the struggle we studied the disease spreading across the Universe. We understood and managed to gather pieces of the blueprint and came out with what has later been called DIANETICS.

We found the ANTIDOTE and kept it safe until we could find a conveyor applicable to millions.

And found it we did. An Austrian apparently suited for the job.

ADOLF HITLER attracted our attention with his gifted speech abilities.

Time was against us as decay struck Europe too but some of us had reservations. Lack of spiritual conviction some said, emotional frailty and a tendency to misplaced compulsions other advanced.

After great reflection we came up with a final solution.

The mission was simple: use Hitler’s abilities to retake German institutions then replace him right away (kill him if necessary)

After we took political power, the confrontation with the elite forces of deception started. Our wish to see Hitler removed was countered by the remnants of Jesuit rearguard and egocentric opportunists seeking redemption.

Yet we pursued and proceeded in applying the ANTIDOTE to a greater scale.
We were able to bring Germans to an unbelievable state.
The jew removed from society and Catholic/Christian influence considerably reduced, German ideal and strength soon started to flourish.

Within a few years we brought back civilization and the true meaning of work as a common purpose for freedom.

A full nation of PRECLEARS relentless and dedicated to racial resurrection. Germany became a sanctuary ready to welcome pure Asgardian souls while we upgraded the ANTIDOTE.

Then the very definition of tragedy occurred. Predictable you could say. It matters little.

SUPPRESSIVE WAR IS THE ULTIMATE RESIGNATION ENTERPRISE AND IT IS IHS RULED

The greatest uprising of our time was foreseen by our enemies and instead of employing total suppression thus ending our biological support with genocide, they decided to let it go after learning about the ANTIDOTE.

Planning to conquer Asgard they needed to find a way to reach it without the BIFROST.

It was a wild bet but in the end they got their reward.

Once the founders of the Third Reich were neutralized by the infiltrators, Hitler's engrams completely devoured him. The jew trap presented to him he then sought the quarrel with England by invading worthless territories.

THIS WAR WAS A 100% PREVENTABLE

For the first time in centuries, we found ourselves in a perfect position. We were in hold of the perfect biology within Jesuit game-designed institutions and with unlimited potential with the ANTIDOTE.

We were at the heart of the machine and ready to expand across the plane.

10 more years would have been enough to retake everything with economic warfare.

You know what happened next. 6 years of building for 6 years of destruction.

THE ONLY PEOPLE HITLER EXTERMINATED WAS THE GERMAN PEOPLE

Having their goal fulfilled and HB tech recovered, our foes stole the ANTIDOTE and rebranded it.
The disqualification of blood and race was then implemented in the mind of their white captives.

DIANETICS came off the book in 1950 according to his story. The new holy book published on the same land that saw the appearance of the BIBLE.

Same trick but this time way more dooming for the Universe.

Having the monopole on CLEARANCE, SCIENTOLOGISTS came on the scene. With consistency and style they won their way up in the HEAD and sealed the state of the NEW WORLD ORDER = the NEW WORLD HIERARCHY.

We shall detail this new hierarchy in a moment.

The end of the MIDGARDIAN CONQUEST happened with the elimination of the German people in Europe.

You are currently living in a post-world joke and struggling to keep up with the HEAD.

The WAR DECLARATION on ASGARD took place with the 9/11 engramic ritual and the advent of the INTER-NET.

Unfortunately our story never repeats itself and now you need to concentrate.

ASCENSION

“I am you. I am everywhere.”

THEIR PRIMARY OBJECTIVE IS MASSIVE EMULATION OF ENGRAMS NOT MASSIVE DEINCARNATION = PREVENT INCARNATION OF ARYAN SOULS AND WAGE WAR ON HIGHER PLANES (NON-PHYSICAL)

And for that they need your people.

The remaining white captives throughout the world are now used against us.

The MACHINE is now at a 100% effective power on this plane.

Its institutions and enslaving structures are operated by the PSYCHIATRISTS = JESUITS = IHS

Hiding behind the abrasive kike and letting their vassals do the dirty work during a time of satanic apotheosis the biggest enemy of the white race has never been more powerful.

Manipulators of time, thieves of legacy, conceivers and harvesters of war, propagators of absolute corruption, masters of dissimulation… the psychiatrists are on the verge of achieving a major coup.

The mystical freaks now filter the knowledge and delegate the degrading tasks to entertain the temporary guests. Targeting the youth with total abomination they are now able to control the pace and neutralize any form of seditious propaganda.

SCIENTOLOGISTS have secured their prize title as high counselors to our fallen brothers. Now dedicated to tech development they seek to keep us busy until absolute sabotage of the realm is completed.

Don’t be fooled by the apparent grief between these two factions as they need each other for posterity.

Both chose the crucifix = the torture of the Aryan male as their public emblem to rally and lead the goyim toward self-destruction.

Forget religions. Forget money.

This UCC PANOPTICON is using the broken laws of incarnation to its advantage.

The management of a realm is simple:

CONQUEST

SLAVERY

ENGRAMIC PROGRAMMING

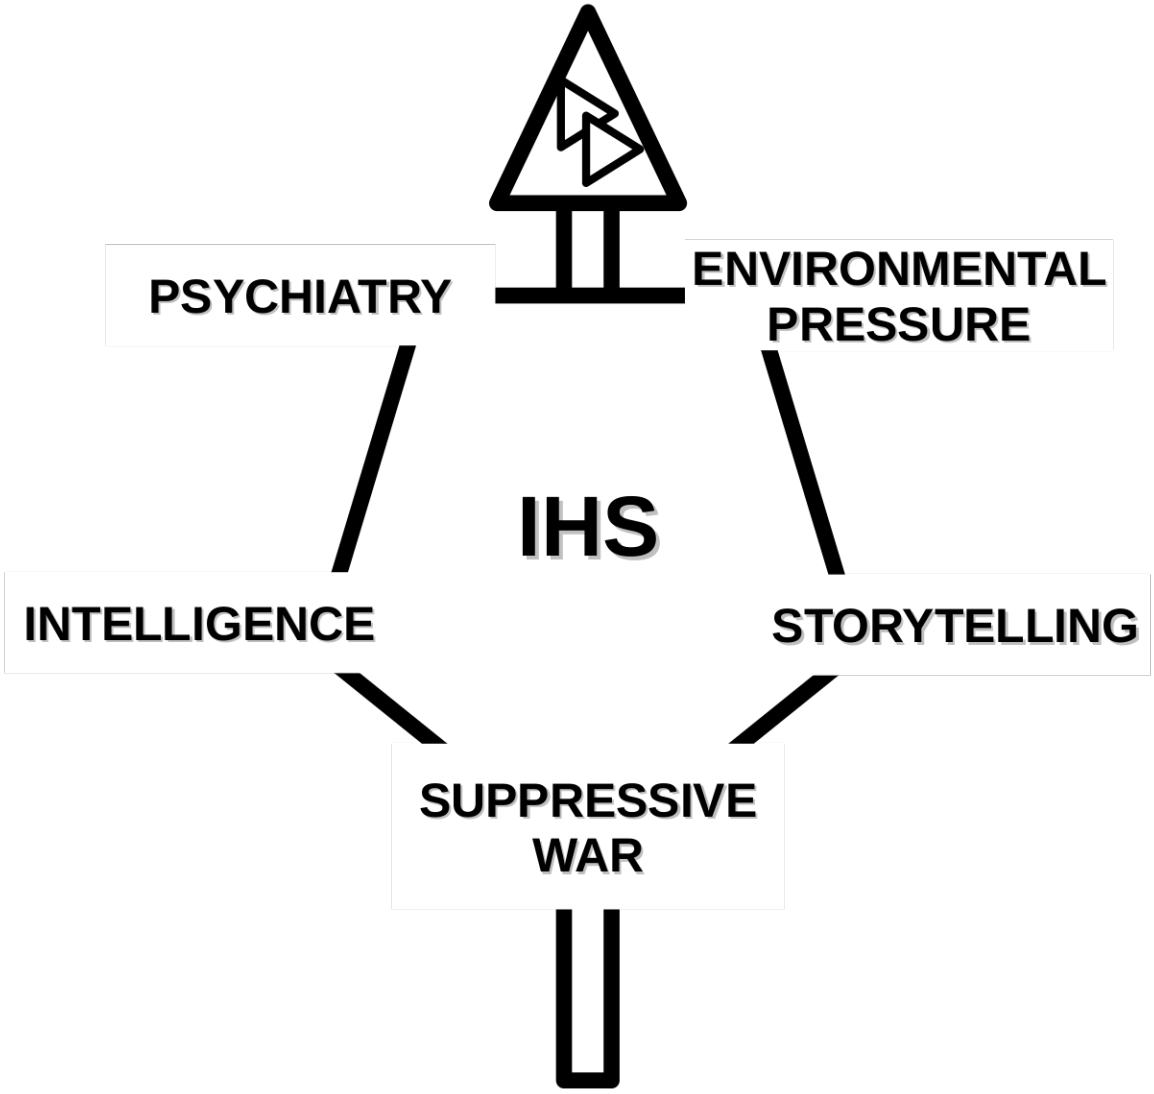
ERASURE (= RESET)

ENGRAMIC PROGRAMMING

ERASURE

And so forth.

You already have some notions. They call it resets but it is just standard psych procedure done every five generations to maintain the illusion. There are no cycles. Only tales of conquered civilizations which all detail the same linear and meticulous operation launched from the depths of creation.



He who comes into this prison is registered on the land as property of the HEAD.

He grows up in a fundamentally hostile environment and acquires most of the material for his personal engrams by sound attacks.

Sonic thrusts are deadly indeed as they can alter the purifying organs in their ability to purge and clean the blood and therefore places the young subject on a different emulating lane.

After the wording made some damage he is then thrown into mandatory school to encounter confusion and submission machinery.

Racial foreigners and hysterical demons are to become his fellow mates and masters.

HE HAS ENTERED THE UNDERWORLD = THE EMULATION FIELD

From now on the young white male left alone in the meander of his perfectly designed journey becomes a supplier for the machine.

His physical and mental attributes are under constant aggression and pressure is slowly building as his life force progressively starts to fade.

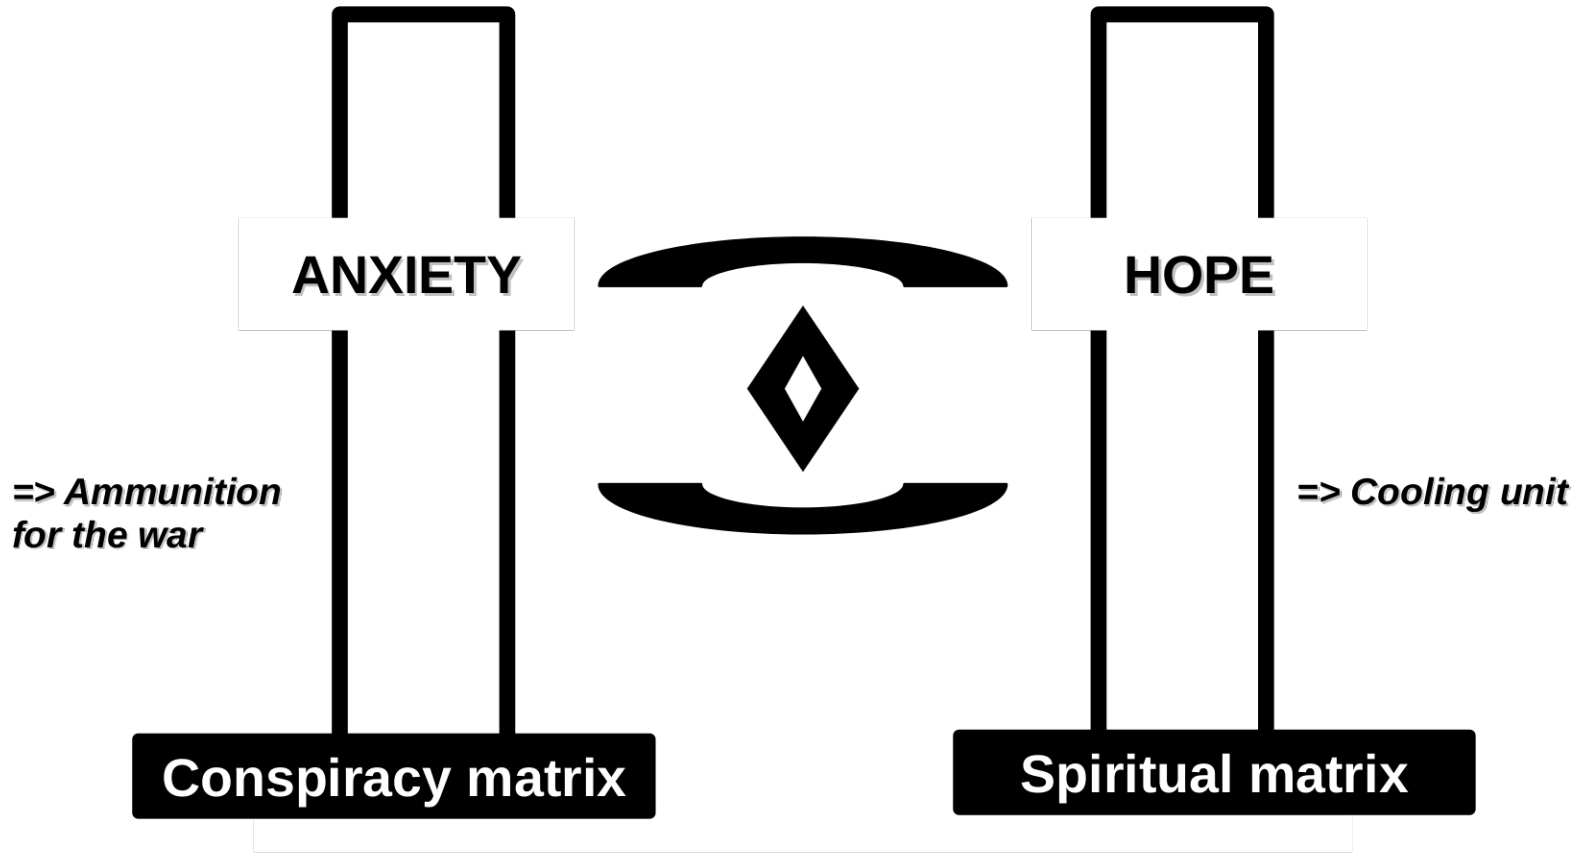
As he enters adulthood this modern prospect already deprived of the basic needs for survival, notably with sex captivity orchestrated by the judeo-catholic scheme of female possessing and visio damage, becomes subject to the dark fate awaiting him.

Slave to his environment, slave to time, the white man is plunged into his own head to compose his tailored psych melody:

♫ HOPE AND ANXIETY ♫

And this melody resonates with the entire white race by the way of the blood.

Only the white man has this ability of self-reflection. Only he can look inside creation. He is the key to open the gates to Asgard and thus allow for the continuation of the conquest.



Several themes are presented by the PSYCHIATRISTS both from the inside and outside territories.

The CUBE = the BLACKSCREEN offers him a reflection tool sucking up the data necessary to build his own artificially shaped experience.

It is called nowadays an ALGORITHM.

The rhythm of the alter ego is therefore the shepherd, the conductor to which he plays his solemn anthem.

Using perceptic disturbance, the algorithm morphs into a perfect individual emulating system that upgrades continuously throughout the life of the subject.

Visuo-altering is notably provided in order to block spontaneous recall of collective racial memory.

All of the data is then channeled through ground-based tech for boosting.

When he stops using the CUBE, the environment takes over.

Environmental anxiety is indeed provided by food, drug and weather interferences but it is far from enough.

The satanic dysgenic race mixing allowed for the creation of an absurd yet particularly effective bio-weapon devoted to an extreme form of parasitism.

THE IMPURE IS A BIOLOGICAL ABERRATION USED AS A TOOL FOR THE ANNIHILATION OF WHITE PURITY AND WHITE DYNAMIC

Reinforcement to the untermensch problem, his putrefying presence in any society is a direct measuring tool of its deterioration.

Living incarnation of chronic racial treason, the schizophrenic eternal stranger constantly seeks white company to distance himself from complete chaos. Even though primal aggression isn’t the main attribute of his repertoire contrary to more stable foreign biology, the product of Jesuitism suppresses the young Aryan in all fields of interaction.

The sticky, oily, goofy, anatomically disproportionate being is driven by his urge to stain. His level of schizophrenia is related to the percentage of white blood remaining.

His survival is conditioned by the amount of doubt he is able to inject in the mind of the surrounded and cornered white captives knowing full well that a return to racial laws would be the end of him FOR HE IS NOT WHITE AND DOES NOT BELONG TO ANY RACE.

The cry of racial damnation shall be completely disregarded for it is a feature of the MACHINE and nothing more than an echo of the conquered realm.

Hope is also served on two sides of a coin.

First it morphed into an urge for the white male to get a perspective on a hypothetical apocalypse bringing him a release.

APOCALYPSE 1 = ECONOMIC COLLAPSE

→ will never happen

MONEY is INFINITE as MONEY is the only tangible necessity imposed by nature in the civilized world.

This subject is too vast or rather of too little importance to be explained here.

Money is a distinction and an exaltation of the free and dominant.

RESOURCE is the pertinent consideration.

THERE ARE UNLIMITED RESOURCES IN ANTARCTICA

The playground is well designed.

The realm operates on its own and the invasion is perfectly conducted.

Maintaining mediocre populations and further strangling the sheeple to assure optimum pressure is fairly easy when you have access to the source.

APOCALYPSE 2 = WORLDWIDE DEPOPULATION

→ the recent hysteria you've witnessed was a reaction to a move of the HEAD that we managed to trigger

They sacrificed their Queen and so we witnessed the Crown.

The inoculation of incapacitating devices was done mainly to alter the blood capacity for clean incarnations in the remaining white countries as well as for monitoring racial invaders number with more precision.

The altered Aryan blood being given from parents to child, the newborn carries with him the burden of under-optimum existence.

This is a vicious attack that operates beyond basic biological structure to prevent the venue of potential disturbers to current emulation but not to eliminate the precious substratum now building the BRIDGE for the ongoing attack.

More than a rehearsal for subsequent emulation procedures it simulated a crisis that put to the test the chain of command while conditioning for total submission.

WHAT YOU MUST DO

“What are they doing now and what do I do ?”

The data given so far is purposely limited but as we are now exiting slow celestial inertia you will have no difficulty in putting the pieces altogether.

THIS REALM IS OF VITAL IMPORTANCE

The physical realm is the only one suitable for ultimate confrontation.

The ones in charge of it have the ability to affect all the seven realms.

The Fallen Angels think of themselves to be stronger than GOD and won’t stop until they get a hold of the ultimate power of CREATION = CROWN

We need to stop them here. But how ?

YOU MUST REGROUP AND EXPAND

The preservation of your blood is of vital importance.

The gathering of enough Aryan potential will allow us to reach Midgard through YOUR emulation.

Your life force is carefully monitored and directed toward the war effort against your guardians and ancestors ready and waiting to come down. This is the reason for the isolation of free souls. You need to put a stop to it and completely detach yourself from any trigger while making sure you stay grounded for the future you’re already shaping.

NO CONCESSION ON BLOOD

NO RACIAL COMPROMISE

There are places left for another rebirth. Find these places. Build the same strongholds we once built and the opportunity will appear.

Intelligence agencies and secret services are too powerful to allow for immediate gathering but we are confident in your ability to outsmart them.

ANY ORGANIZATIONAL MOVE AND ONLINE ACTIVITY SHALL BE PROHIBITED

If you ever wish to be a part of the struggle and not miss the party you must stop immediately any action that would leave a trail in the next 20 years. You must understand that a great achievement needs a great sacrifice. The best elements of one generation can produce the roots for a decisive blow at any given point in time.

In an age where the demented contaminate all fields of existence and elected agony as their idol disdain and dedication will ensure the security of your people against ignominy.

Identify infiltrators and beware not to raise any banners as you need to stay within institutional limits to avoid eradication.

As the last territories and physically able people of Europe are to be paralyzed and exhausted against the endless hordes of the East under close supervision of the West it seems there is little margin of retaliation… On the contrary this opens a new unprecedented transformation in the defensive stance you will have to lead.

Europe is of no utility for now because of IHS sclerosis. Each and every nation of the continent is locked and there will be no surprises until the army within armies can be challenged by more unconventional means.

Quality whites across the world shall join raw satanic North America to dysynchronize emulating power distribution between the two main churches and empty Europe of the torturing material left at the disposal of IHS initiative.

The remaining amendments offered by the relics of the original uncorrupted masonic constitution of the United States give us tools for projection. Federal compartmentalization is also an advantage.

Targeting the dominant military force will neutralize extermination threat and facilitate counter-conquest.

The main objective will be to isolate your blood from the symbiosis of pure satanism with the core body of America.

Exposure monitoring will become a priority in order to preserve your clusters but as more quality Aryan material shall pore into the accurately targeted states shall spell amplification be discarded by the mutually beneficial trade of life impulse for insight and spirit revival that will cause overload in the system.

Technically the numbers are there. They always have been. Regardless you shall expand individually until you can start your own mutiny rather than risking to compromise others.

Aryan clusters can only be secured with trust and extreme intransigeance. Only close family and long time friends are to join your inner circle if you deem it necessary. Anyhow expansion shall be achieved within your own blood for the decades to come.

Language is also a major consideration for the future. English provides clarity and eases expression of life impulses but is simultaneously extremely prone to transmission of engrams. This can become problematic for exposure loosening and development of the child. This is why multiple language acquisition is an absolute priority and shall be mastered at an early age. Among all Nordic European languages German offers extra protection against sonic trickery.

A new language will be necessary once enough souls will be available for cluster connection and clearing but shall not be established before takeover of telecommunications.

The new elite shall be regarded by its ability to isolate and exchange pertinent information and skills for the approaching time window during which breed drifting of the next generation will be successfully conducted.

You need to solidify your surroundings and saturate the hearts of your progeny with love and humor to break the chain of trauma and recalibrate frequency.

THE CHILD IS THE WISEST BEING

Crystallization of the work of your predecessors the child requires the best of Aryan heritage to become unstoppable.

Genesis of your blood has an decisive impact on your next incarnation. By protecting and perfecting your lineage you create a safe passage for your return and an operational force that shall help other Aryans to fulfill their mission.

The wider the progeny is the broader your incursion choices are once in the afterlife lobby.

This is the main asset. The one without which experience becomes useless.

A progeny that shall thrive behind enemy lines.

An elusive corps immune to any external influence organic or virtual.

The autonomous dynasty formed by the resilience of the very best and unaware of the whereabouts of its members will by its sole presence radically disturb satanic emulation and facilitate Asgardian entry.

To win your personal battle of emulation was one thing. Applying the same pattern and maintaining discipline on a greater scale is another.

If expansion is correctly executed in the years to come then our foes will be forced to adopt a new stance and therefore concede safety margin on the construction. This means more shooting stars inbound for you.

It only takes one generation to change everything and this goes both ways.

TO THE WHITE ABEREE who might come across this transmission and who somehow managed to keep a spark of lifeforce despite of his captivity.

If you ever wish to contribute here is what you must do:

→ STOP USING THE CUBE

Don’t expect to grasp anything from it.

From the moment you open your devices you give permission for the use of your experience to be weaponized against us.

To illustrate that let’s take a look at the engramic design review or translated in aberean language: the Flat Earth Renaissance.

VULGARIZATION IS THE ONLY AND ULTIMATE WEAPON OF MASS DESTRUCTION

If the HEAD wants an idea to be destroyed it feeds it to the machine and thus to its inmates. It is that simple.

The design was never altered in the heart of the sane. Only today can we look with mere amusement at the madness of the last line of defense.

Infinite land, flat sky, “hidden” maps, mud floods, other untamed civilizations… countless subterfuges provided by the reflection and reinforced by easily influenced fools as a self-regulating deflecting program for the weak to avoid facing responsibility.

When an inmate is close to escape, one last trap is presented to him: the SPIRITUAL MATRIX.

Identifying those who lack on environmental pressure for the ANXIETY COLUMN and who beat the maze of the CONSPIRACY MATRIX, the MACHINE counterbalances and redistributes arousing capacity on the HOPE COLUMN.

The inmate is therefore prompted to use the CUBE.

The cost of REDISTRIBUTION is that it weakens emulation and limits the suppliance for the war. In the other hand it keeps the subject in the machine.

The redistributed subject is reinforced in his unproductive addiction. Unproductive for him but fairly valuable for the security system as it upgrades the firewall that will prevent future breakout attempts.

The CUBE should be mastered for communication improvement only and will cause the downfall of the swine once it shall become our trophy ready for total erasure of the perpetrators of insanity.

The very same individuals who portrays us as savages living in the forest are now trying to take away the glory of our past and forbid reverie for future generations.

No solution ?

→ Wish to trigger the HEAD ? Go for a walk.

If you managed to overcome the SPIRITUAL MATRIX and ignore your environmental parasites, we would suggest that you join the Aryan endeavor. Assuming you managed to preserve your biology and never engaged in carnal activities with racial strangers.

If you have other plans you can go on your own to extreme latitudes.

Antarctica isn’t that cold and you won’t be subjected to survival dependencies such as food or sleep once into high resonance areas and close to the Firmament’s foundations or the Pole. Although the Pole seems and is easier to manage for British/Phoenician Royal Navy you still have more chance to break through if the invasion is coordinated and launched from the already beaconed strategic routes.

Whatever you feel is convenient BUT STOP YOUR OWN ENGRAMIC EMULATION.

If you want to reconquer and recover your destiny, you have to recognize the hijacking of your mind and practice EXTRACTION.

Imagine what would be your actual state if no rape occurred.

Engrams not only serve as camouflage for the RULERS but also as provocative agents already wired to the abuse endured by the subject.

The nuisance of the past that still interfear with your present actions can be neutralized instantly by remembering what you used to be before jesuitic taming, before satanic engraming.

Never try to bypass reality and never listen to the hatchet men of the spiritual matrix as this can only favor negative emulation. This is the way of the lost and the coward.

Any person trying to lecture you on the architecture of the soul whether he praises Wotan or Jesus is a fanatic here to ruin your journey before it even started. You are the only one in charge. You can destroy and rebuild your temple in 3 seconds if you allow confidence and will to repair your file clerk.

Suffering is the greatest mentor and is robbed from childhood onward only to leave you with pain and confusion at the mercy of the Gods of Isms and the face-shifting masterminds shaping your expectations.

Don’t worry about the past. Any trouble you faced was ARTIFICIAL.
It is the CUBE, it is the RAPE, it is the INCARNATION CONSTRAINT.
No Aryan with pure intention should bear the guilt of a life he didn’t choose.

Jesuitism consists in partitioning the mind and rigidifying the perception of life.

This disgusting rogue use of alchemy has been considerably amplified by the satanic generation generated by jesuitic mayhem and the release of emulated energy from the atrocities committed in Europe.

These beings as well as any subhuman material contracted and trained by the jesuitic fog are issued from enhanced spontaneous generation which occurs any time room is made by large departure of souls into recycling.

The white subhuman is the fuel of the UNDERWORLD. Direct product of recurrent jesuitic slaughter the ghost of resignation shares and bears the mark of millennias of machiavellian nation-scaled sacrifices performed on lands and tribes whose names and glory have been erased without record.

This is the definition of controlled demolition. The demolition of the worthy to upgrade the MACHINE and further disseminate the metastasis of absurdity into the battlefield.

We are now approaching a critical point in the field of human material management.

Opening up a portal and establishing a new bridge to the upper realms is as risky for the RULERS as what we tried to accomplish because of potential positive emulation settlements remaining. This is why isolation and fragmentation of the Aryan transcended tissue while using it at the same time for ascension is a key component of the conquest.

This takes caution. This takes time.

They need perfect timing and make sure to dissolve evenly any pockets of resistance across this plane to prevent transduction of massive amount of pending souls during initiation and consolidation of the bridge.

Bloodbaths are still expected in order for our foes to break the last remaining seals and spectacular recorded rituals are to be performed to open celestial gates by massive staggering.

TO THE RULERS

The deciphering of the JJSS conspiracy is done and descriptive analysis of the MACHINE promoted by your proxies won't suffice to hide its gears.

We hear there is significant dissension between your families in regard to the sequel. Those of you who do not agree and foresee as we do the outcome of the next phase still have the ability to influence the chain of events.

The warriors of today will crush those who praise themselves for creating the ultimate survival game and soon you shall be challenged as well. You will not be able to rely heavily on brute force even if you give the green light for another jesuitic lunacy if you ever wish to see the end of this.

The only question that remains is how are you going to cope with this mess while managing at the same time your eager friends ? Who will take the lead ? Will you get rid of IHS and understand the necessity of ULTIMATE UNLEASH and engage us in the most epic and thrilling confrontation required to enter the Kingdom of Heaven ?

Motion is as essential as breathing in this world and the current set will grant us plenty of air.

Wether you go all-in or play it safe is up to you but never forget that the hegemony belongs to the baldest.

THE BIGGEST CRIME IS WASTE

To get back to our PROTAGONISTS, our LONE WOLVES.

As you can see the power of our foes relies on a shaky architecture.

They view this world as a huge META-ANALYSIS. Each NATION = ENSLAVING NET PROVIDED BY CATHOLIC ARCANUM has its particularities and they are now running tests to elaborate the most effective emulating strategy.

Adapt, adjust. We know what works. Seek revenge not vengeance.

This is our last chance and we will succeed.

FEAR NOTHING. A TRIBUTE TO DEATH IS A TRIBUTE TO LIFE.

Only the perpetuation of your race and the genesis of pure, strong and free beings gives testimony of your passage here and you will be rewarded heroically for will have a permanent place in Asgard and a prominent role in the ASGARDIAN ARMY for the GREAT CLEANSING awaiting.

[END OF TRANSMISSION]
